Nice to meet you to all who don't know me.
This is Nomaa-kun from Marked-two.

This time around was a Cirno bestiality rape doujin... how did it go?

Midway Cirno's clothes get disintegrated yet her ribbon remains, but you're not supposed to worry about stuff like that, yup.

Drawing the frog-play was pretty fun, so if I get good feedback I'd like to do it again in some different form, lol.

My next event will be Comic1.
This time's going to be a pretty sudden book, but I want to do my best and get it in time so wish me luck and let's see each other again then!

Till next time!
